Course Description

Everyone ages. As dental professionals we often aren't aware of how best to support those we are caring for as they move into Elderhood. This beautiful population brings so much to our practices. Elder patient's needs are often overlooked making it essential for dental team members, and the dental office space, are ready to meet these patient's needs. This course will provide ideas to step up the care your office provides your elder patients.

Join Angie as she takes you on a journey that is dear to her heart. You will be glad you did!

Learning Objectives

- Recognize the role CAMBRA plays in preventing dental disease in elders
- List the various simple advanced treatment modalities that exist to improve the oral health of elders both in and out of the dental office
- Understand how Activities of Daily Living (ADL's) and Instrumental Activities of Daily Living (IADL's) impact a visit to the dental office, oral health and quality of life
- Recount the role oral health plays in Alzheimer's
- Have completed Dementia Friendly Business Training

Instructor Information

Angie Stone, RDH, BS began her career as a dental assistant in the US Navy. She has provided dental education around the world and has numerous published articles based on her research regarding xylitol and elders. Angie's book, *Dying from Dirty Teeth*, was on the Amazon Best
